SUBJECT: INFORMATION ABOUT OUR PRODUCTS

Reference: Your request dated 03/08/2017

Having received your request, as referred to above, we confirm you that the following products of our production you used:

- HMM5A17H

obtained from present formulations and from the information received from our suppliers **comply with the standard EN 71/ 3 2002** (Toys Directive).

These controls, not requested by the law, are effected from our suppliers in statistic way or by analyzes; however, the standard specifies requirements and test methods for the migration of the elements from toys materials and from parts of toys, therefore we advise you to carry out an analysis on the manufactured products from specialized laboratories.

For any further clarification you may need, do not hesitate to contact us.
